***Continued Examination Under 37 CFR 1.114***

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 24 March, 2006 has been entered.

***Response to Amendment***

Amendment, filed on 24 March, 2006 has been considered and entered.

***Priority***

Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

***Examiner's Amendment***

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Mark J. Murphy on 5/10/06.

The application has been amended as follows:

***In the claim***

In claim 28, line 2, "the insulator" has been replaced by ----- the substrate -----.

***Allowable Subject Matter***

Claims 15-30 are allowed over the prior art of record.

***Examiner's Reasons for Allowance***

The following is an examiner's statement of reason for allowance:

Reasons for allowance of claims 15-22 are presented in previous office action. Amendment of claim 23 & 27 overcome the rejection of claims 23-30 under 35 USC 102(e).

Further regarding claims 23 & 27, the prior art of record neither shows nor suggests a method of manufacturing a light emitting device comprising all the limitations set forth in claim 23 & 27, particularly comprising adhering a covering material to the insulator/substrate by the sealing material after the step of dropping the encapsulant wherein the cover material is in contact with the sealing material, then cutting a part of insulator/substrate and a part of covering material after the step of adhering the covering material.

Claims 24-26 & 28-30 are allowed being dependent on allowed base claims 23 & 27.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
